## Claim Notes

| | |
|---|---|
| **Claim number:** | C-1309 |
| **Claimant:** | Lisa Bryant |
| **Adjuster:** | Alison Sweeney |

12-22-23
Claimant reported a left-turn collision at an intersection with a vehicle that did not yield, and stated a shoulder injury resulted. Claimant is not represented by counsel and was cooperative during the initial call.

2-8-24
Reviewed photos of the claimant's vehicle, which show front-end damage consistent with the impact described. The damage pattern lines up well with the force of a collision of this type.

2-11-24
Police report and two independent witnesses confirm the claimant was in the vehicle and that the other driver turned across the claimant's path. The other driver's account matches the claimant's description of how the collision occurred.

6-26-24
Claimant has given the same account of the accident in each conversation so far, with no changes to the sequence of events or the point of impact. No prior damage to the vehicle is recorded or known to the claimant.

7-18-24
Medical records show treatment for the shoulder injury has run somewhat longer than is typical for this injury. No earlier inujry to the same body area has been identified in the claimant's history or prior claims.

8-11-24
Verified that the driver is named on the policy and that nothing indicates the vehicle damage predates the coverage start. Injury evaluation remains open pending the treating provider's updated notes.

## Recorded Statement

| | |
|---|---|
| **Claim number:** | C-1309 |
| **Statement of:** | Lisa Bryant |
| **Taken by:** | Alison Sweeney |
| **Date:** | 12-23-23 |

Q: Thanks for taking the time to speak with me today. This call is being recorded for the claim file. Can you please state your full name for the record?

A: I'd rather just go by the claim number, if that's okay.

Q: That works for the file. Can you walk me through what happened at the intersection?

A: I was making a left turn at a signaled intersection in Conroe, Texas. The light had turned yellow and I was clearing the intersection when a vehicle coming the other way hit the front passenger side of my car.

Q: Had you already started your turn when the light changed?

A: I started the turn on a green arrow, I'm pretty sure. The other car came through on the straight-through lane as I was crossing.

Q: Were you looking at the oncoming traffic before you turned?

A: I checked, yes. There was a gap, or at least I thought there was. I didn't see the other car until it was almost on me.

Q: Did you notice any damage or injuries right after the impact?

A: My car was pushed sideways and the airbag deployed. My right shoulder hit the door frame and it's been hurting pretty badly since. I was able to get out on my own but I was sore right away.

Q: Have you seen a doctor or received any treatment since the collision?

A: I went to an urgent care clinic the same day and they told me to follow up with an orthopedic specialist. I have an appointment scheduled and I'm doing physical therapy exercises at home.

Q: Is there anything else you think I should know about how the accident happened?

A: Just that I was driving carefully and I believe the other driver was going faster than the posted limit. That's about all I can tell you.

Q: Thank you. We'll follow up with you once we've reviewed the information.

A: Okay, thanks.
