Reported injury:	shoulder injury

Description of the accident (claimant's words)

I was turning left at an intersection in Conroe, Texas, when another vehicle struck the side of my car. I had slowed almost to a stop and was waiting for a gap in oncoming traffic when the impact came. My car spun partway around, and my seatbelt locked hard across my chest. Since then I have felt sharp pain in my right shoulder, and I have had trouble lifting my arm above my head. I have described the events the same way to the officer at the scene, to the adjuster, and to my doctor. I am the named driver on this policy, and I am submitting this statement so the claim can be reviewed. I am willing to provide any further records or photographs that would help.
