Claim Notes

Claim number:	C-1315
Claimant:	Jerome Lang
Adjuster:	Valerie Rodriguez

20 Aug 2024
Claim received for a left-turn collision in which the insured's vehicle was struck by an oncoming car. The claimant is represented by counsel, and all further contact is being routed through the attorney's office.

24 Sep 2024
Reviewed the police report and the statements from two independent witnesses. Both describe the other vehicle entering the intersection during the claimant's turn, and both confirm the claimant was seated in the vehicle at the time.

6 Oct 2024
Photographs from the secne and the body shop show damage to the driver's side front quarter panel that lines up well with the reported angle of impact. No earlier damage to the vehicle appears in our records or in the inspection notes.

7 Oct 2024
The coverage on the policy was in force at the time of loss, and the driver is listed as a named insured on the declarations page. Nothing in the file suggests the damage predates the start of coverage.

28 Oct 2024
Spoke with the claimant's attorney, who provided the initial medical summary. The claimed injury is a lower back strain, which fits the kind and force of a side impact of this type.

4 Nov 2024
The other driver's account of the collision matches the claimant's account and the witness statements in its sequence and general details. Our file now contains consistent accounts from all parties.

25 Nov 2024
Recorded a recorded statement from the claimant through counsel. The account matched the one given at first notice and again in the follow-up call, with no meaningful changes in sequence or detail.

3 Dec 2024
Medical records show a course of treatment that followed a typical pattern, with pain and mobility improving steadily over several weeks. Treatment tapered as the claimant's condition improved, which is consistent with the diagnosis.

16 Jan 2025
The claimant's prior records include a minor strain to the same area many years ago, which the treating provider documented as fully resolved. Nothing in the current treatment suggests a lasting or unrelated condition.

25 Jan 2025
Reviewed the full file with the vehicle damage estimate, witness statements, and medical timeline. Everything supports the reported loss as described, and the claim is being moved to the next stage for evaluation.

Recorded Statement

Claim number:	C-1315
Statement of:	Jerome Lang
Taken by:	Valerie Rodriguez
Date:	20 Jul 2024

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you were involved in while riding as a passenger. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Where were you seated when the collision happened?

A: I was in the front passenger seat of the car.

Q: Can you describe what the driver was doing right before impact?

A: We were turning left at an intersection in Houston, Texas. The light had just changed, and we were going through the turn when another vehicle came from the opposite direction and hit us on the driver's side.

Q: Did you see the other vehicle before the impact?

A: Not really. It happened fast. I saw a flash of headlights and then we were hit.

Q: How fast do you think you were going?

A: We weren't going very fast, probably around the speed you'd expect for a left turn at an intersection. I'd say slow.

Q: Did you hit anything inside the vehicle, or were you thrown against anything?

A: My body jerked forward and then back into the seat. My head didn't hit anything, but my lower back took a hard jolt.

Q: Have you sought medical attention since the collision?

A: Yes, I went to an urgent care clinic that same day. They said I had a back strain and gave me some medication and told me to rest.

Q: Are you currently experiencing any symptoms?

A: Yes, my lower back is sore, especially when I sit for a long time or bend over. Some mornings it's stiff.

Q: Is there anything else you'd like to add to your statement?

A: No, I think that covers it. I just want to get my back feeling normal again.

Q: Thank you. This concludes the recorded statement.
