Bodily Injury Unit

Claim Notes

Claim number:	C-1316
Claimant:	Heather King
Adjuster:	Jerry Hanson

2024-06-03
First notice of loss came in from the claimant, who reported being rear-ended while stopped at a signal. The claimant is not rerpesented by an attorney and has asked to handle the file directly.

2024-07-12
Confirmed the driver is named on the policy and that coverage was active at the time of the incident. Nothing in the policy history suggests the damage predates the coverage start.

2024-07-27
Reviewed the police report, which places the claimant in the vehicle at the scene. Two statements from people nearby were requested, but no independent witnesses have been identified so far.

2024-08-11
Scheduled a physical inspection of the claimant's vehicle. The rear bumper damage and crushed panel are consistent with the impact described in the first notice.

2024-08-26
Reviewed the scene photos submitted by the claimant. They confirm several details of the account, though a few older scratches on the rear panel may predate this crash and will need to be separated out in the estimate.

2024-09-04
Claimant reported a knee injruy and provided initial medical paperwork. It is not yet clear whether the injury came from this collision, and causation remains open pending records.

2024-10-07
Claimant called to add a few small detalis about the seating position and the moment of impact. The core account is unchanged from the first notice. No prior injury to the same knee has been reported or found in the records requested so far.

2024-12-16
Treatment records show a usual course of care that tapered off as the claimant improved. Requested the complete chart and prior-provider history to confirm the timeline and any gaps.

2024-12-26
File remains open. Next steps are to finish the repair estimate with the older scratches excluded and to complete the causation review of the knee injury before any settlement discussion.

Recorded Statement

Claim number:	C-1316
Statement of:	Heather King
Taken by:	Jerry Hanson
Date:	2024-05-23

Q: Thank you for agreeing to give a recorded statement. Please state your full name for the record.

A: I'd rather not give my name on a recording, but you can note that I'm the driver of the vehicle that was rear-ended.

Q: That's fine. Can you describe where the collision happened?

A: It was on a busy surface street in Houston, Texas, near a shopping center. Traffic had slowed down, and I had stopped behind a car at a red light.

Q: What happened next?

A: I felt a hard jolt from behind. My head snapped forward and then back, and my car was pushed into the vehicle in front of me. The other driver said they looked down at their phone and didn't see that the light had turned red.

Q: Were you taken to a hospital or doctor after the accident?

A: Not right away. A paramedic checked me at the scene. My right knee hit the dashboard, and it became swollen and painful within a couple of hours. I went to an urgent care clinic the same evening, and they told me to see an orthopedic doctor.

Q: Have you had any prior injuries to that knee?

A: No, not that I can recall. I played recreational soccer years ago, but I never had surgery or ongoing problems.

Q: Are you currently receiving treatment?

A: Yes. I'm doing physical therapy twice a week, and the doctor mentioned an MRI to check for ligament damage. I've been unable to work full shifts since the collision.

Q: Thank you. Is there anything else you'd like to add?

A: Only that I'm still cooperating and want to resolve this fairly. I can send you my medical records once I receive them.
