Description of the accident (claimant's words)

I was driving home slowly on a weekday afternoon when the car in front of me stopped short, and I rolled into the back of it. Honestly, I am not certain how the rest unfolded because it all happened so fast. I first said the other vehicle hit us head-on, but when I think about it again, I belivee it was more of a glancing angle as we both swerved. At first I thought there were two people in my car with me, but I now remember riding alone with only my passenger seat empty. My neck and back ached within an hour, and I have been seeing a physical therapist since. I live with the policyholder, who is my brother, and I have been staying at his home for the past year, so I am listed as a household member on his policy.
