Recorded Statement

Claim number:	C-1318
Statement of:	Angela Vargas
Taken by:	Chelsea Hebert
Date:	03/25/2025

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you reported in Sugar Land, Texas. Please state your full name for the record.

A: I'd rather just give my details as needed, but sure. It's the driver of the vehicle involved in the accident.

Q: Understood. Can you describe what you were doing right before the collision?

A: I was driving toward an intersection and wanted to make a left turn into a shopping center parking lot. I had my turn signal on and was waiting for a gap in oncoming traffic.

Q: When you began the turn, what did you see?

A: The oncoming lanes looked clear at first. I started moving, and then a vehicle came through from the opposite direction and hit the front passenger side of my car.

Q: How fast do you estimate that vehicle was traveling?

A: It's hard to say. It didn't seem like it was speeding, but it came up quickly once I was already partway through the turn.

Q: Were you able to stop or steer away before impact?

A: No, there wasn't much time. I braked as soon as I saw it, but the impact happened almost immediately.

Q: Did you or anyone else require medical attention at the scene?

A: I didn't go by ambulance, but I've had neck and lower back pain since then. It's a stiff, aching feeling, and it gets worse when I sit for long periods. I've been seeing my doctor for physical therapy.

Q: Have you had any prior neck or back complaints?

A: Nothing serious. I had occasional soreness from lifting at work, but nothing that kept me from my normal routine.

Q: Thank you. Is there anything you'd like to add to your statement?

A: Just that I was following the rules as best I could. I'd like the claim to be handled fairly, and I'm willing to provide my medical records.

Q: Thank you for your time. This concludes the statement.
