Description of the accident (claimant's words)

I was making a left turn at an intersection in Sugar Land, Texas, when another vehicle struck the side of my car. I had stopped briefly at the light and then proceeded when my signal turned green for the turn. The impact was strong enough to jolt my car and push it partway into the turning lane. I have given the same account of what happened every time I have described it, to the other driver, to the responding officer, and to my insurer. Afterward I felt stiffness and soreness in my neck and lower back, which I have since been treating with my doctor. I am the named driver on this policy and I am submitting this statement so the claim can be reviewed. I am happy to provide any additional information that would help.
