Officer's narrative

Driver 1 was traveling in the left-turn lane at an intersection in Sugar Land, Texas, when the collision occurred. Driver 1 stated that the vehicle was turning left when it was struck by Driver 2, who was proceeding through the intersection. Driver 2 gave a statement consistent with this account, and independent wintesses at the scene described the sequence of events in the same way. Photographs taken at the scene show damage to the front driver-side area of Driver 1's vehicle, which is consistent with the reported angle and force of impact. Passenger was seated in the vehicle at the time of the collision and was present at the scene when officers arrived. Driver 1 reported neck and back pain following the crash, and the reported symptoms are consistent with the type and force of the impact observed. Officers found no indication of prior damage to the vehicle. Driver 1 was identified as the named driver on the insurance policy for the vehicle involved.
