Claim Notes

Claim number:	C-1319
Claimant:	Benjamin Vasquez
Adjuster:	Valerie Rodriguez

May 18, 2024
First notice of loss received for a low-speed head-on collision. The insured's vehicle and the other vehicle were both reported as haivng front-end damage, and the claimant, who is represented by counsel, has been identified as the injured occupant.

August 29, 2024
Polcie report and two independent witness statements confirm the collision occurred as described and that the claimant was seated in the vehicle at the time. Scene photographs were reviewed and are consistent with the reported impact.

October 26, 2024
Vehicle damage was inspected and the pattern matches the described frontal impact. No prior damage to the vehicle is known, and nothing in file records suggests the damage predates the policy coverage start.

December 3, 2024
The driver is named on the policy and coverage is confirmed for the date of loss. The claimant's account of events has remained the same across every contact to date, including the initial call and the recorded interview.

December 7, 2024
Medical records reflect a wrist fracture, which is a plausible injury for this type of collision. Records also show a small strain to the same area several years ago that healed fully and was not treated as an ongoing condition.

December 17, 2024
Treatment followed a typical course, with orthopedic follow-up and physical therapy, and tapered off as the claimant's range of motion and strength improved. Billing has been reviewed against the treatment notes and appears in line with the care provided.

January 3, 2025
Based on the current file, the injury and treatment appear consistent with the loss. Counsel has been advised of the review status, and the file will remain open pending receipt of the final medical bills.

Recorded Statement

Claim number:	C-1319
Statement of:	Benjamin Vasquez
Taken by:	Valerie Rodriguez
Date:	May 16, 2024

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you reported in Pasadena, Texas. Please state your full name for the record.

A: I'd rather just go by my first name for now, if that's fine. I'm the driver of the vehicle involved.

Q: That's acceptable. Can you describe where you were when the collision happened?

A: I was heading down a two-lane road, going maybe twenty-five miles an hour. It was a clear afternoon and the road was dry.

Q: Can you tell me what happened next?

A: The other car came over into my lane. I braked and turned the wheel, but we still met nearly head-on. It wasn't a hard hit, more like a jolt, but my hands went forward and hit the steering wheel.

Q: Did you feel any pain right away?

A: My right wrist hurt almost immediately, and it swelled up fast. I kept my hand against my chest for the drive to the clinic.

Q: Were you taken to a medical facility?

A: Yes. They took X-rays and told me the wrist was fractured. I've been in a splint since then and I have a follow-up appointment next week.

Q: Did anyone else in your vehicle sustain injuries?

A: No, I was alone in the car. The other driver seemed shaken but walked around without help.

Q: Is there anything you'd like to add to your account?

A: Only that I'm keeping every receipt and record from the clinic, and I'm happy to send them over.

Q: Thank you. This concludes the statement.
