Description of the accident (claimant's words)

I was driving my own car, which is insured under my policy, when the accident happened in Pasadena, Texas. Traffic was moving slowly, and I was going at low speed when the front of my vehicle met the front of the car ahead of me. Neither of us was going fast enough for airbags to deploy, but the impact threw my left arm against the steering wheel. At the emergency room I was told I had a fractured wrist, and I have been wearing a cast since. I have described the events the same way to the adjuster, to the officer at the scene, and to the doctor who treated me, and I have nothing to add or change to that account. I am providing this statement so the claim can be processed, and I am happy to supply medical records or photos if they would help.
