Description of the accident (claimant's words)

I was driving through the intersection on a green light when a vehicle coming from my left ran the red and struck the side of my car. The impact spun my vehicle partway around and pushed it toward the curb. I had no time to brake or steer away. After the collision I felt sharp pain in my left wrist, and I was taken to the emergency department, where an X-ray confirmed a fracture. I have told this same account every time I have described the accident, to the officer on scene, to the adjuster, and to the medical staff. I am the named driver on this policy and I was operating the vehicle with the owner's permission at the time. I have kept the repair estimate, the police report number, and my treatment records, and I am willing to provide copies of any of them on request.
