Claim number:	C-1322
Claimant:	Natasha Jimenez
Adjuster:	Darin Tyler

2024-03-29
Claim received for a rear-end collision in which the insured's vehicle was struck from behind while stopped at a traffic signal. The claimant reports a shoulder injury and is not represented by an attorney.

2024-04-25
Reviewed the policy and confirmed the driver of the insured vehicle is named on the policy and coverage was in force at the time of loss.

2024-05-24
Obtained photographs of both vehicles. The rear damage is mostly consistent with the impact described, though a few old scratches on the bumper may predate this crash and are being noted separately.

2024-06-09
Statements from two witnesses and the other driver all match the account of how the collision occurred. Nothing so far suggests the damage hpapened before coverage began.

2024-06-20
Claimant joined the claim several days after the incident. No one at the scene recorded the claimant's name, so the claimant's presence in the vehicle is being confirmed throguh the other driver and witness accounts.

2024-08-14
Claimant's description of events has been the same in every conversation so far. The reported shoulder injury is plausible for a collision of this type.

2024-09-15
Claimant disclosed a samll strain to the same area several years ago, which healed fully according to prior records. Noted for the file and will be considered in evaluating the current injury.

2024-11-07
Treatment followed a usual course for this type of injury and tapered off as the claimant improved. Records show steady progress with fewer visits over the last several weeks.

2024-11-15
File summary: liability is clear, the reported injury is consistent with the mechanism of impact, and treatment has tapered as expected. Recommending continued handling of the injury component on the standard timeline.

Q: Thank you for taking the time to give this recorded statement. Can you confirm you are the driver of the vehicle involved in the collision in Pasadena, Texas?

A: Yes, that's right. I was driving my own car.

Q: Can you describe where you were and what you were doing just before the impact?

A: I was stopped at a red light on a main road, waiting to turn. Traffic was moving slowly in the lane ahead, and I had my foot on the brake.

Q: What happened next?

A: The car behind me didn't stop in time. I felt a hard jolt from behind, and my head snapped forward and then back against the seat.

Q: Did you see the other vehicle before it hit you?

A: Only in the mirror, a second or two before. It looked like it was coming up fast, but I didn't have time to react.

Q: After the impact, did you get out of the vehicle?

A: I got out briefly, but my neck and shoulder were hurting badly, so I sat back down. Someone nearby called for help.

Q: Can you describe the injury you're reporting?

A: My right shoulder is the main problem. It's sore when I raise my arm above my head, and I have a dull ache that runs down into my upper arm. I've been using a sling sicne the day after.

Q: Have you seen a medical provider for this?

A: Yes, I went to an urgent care clinic that afternoon, and I've been referred to a specialist for follow-up.

Q: Is there anything else you'd like to add to your statement?

A: Only that I've been careful to follow the treatment plan, and I'm still having trouble sleeping because of the pain.

Q: Thank you. That concludes this recorded statement.
