| **Reported injury:** | back strain |

### Description of the accident (claimant's words)

I was making a left turn in League City, Texas, when another vehicle struck the side of my car. I had stopped briefly to check for oncoming traffic before I started the turn, and I believe I was already moving slowly when the impact happened. After the collision I felt a sharp pain in my lower back, which has since been diagnosed as a back strain. I have been careful to describe the events the same way each time I have been asked, although I have remembered a few minor details since the first report, such as the position of the other car's headlights. I am the named driver on this policy and I am providing this statement so the claim can be processed.
