Claim number:	C-1328
Claimant:	Caleb Johns
Adjuster:	Christopher Wong

06/30/2024
First notice of loss received for a rear-end collision at a signalized intersection. The insured reports that the vehicle was stopped at a red light when it was struck from behind.

07/07/2024
Confirmed that the driver is named on the policy and that the policy was in force on the date of loss. Nothing in the file suggests the damage predates coverage.

08/15/2024
Police report obtained. Responding officer confirms the claimant was in the vehicle at the scene and records the collision as described by both drivers.

08/22/2024
Statements taken from two independent witnesses. Both describe the impact the same way as the insured and say the other vehicle was moving too fast to stop.

10/03/2024
Scene and vehicle photographs reviewed. The rear damage is largely consitsent with the impact described, and no prior damage to the vehicle is known from the records available.

10/09/2024
Other driver interviewed and does not dispute the sequence of events or the point of impact.

10/15/2024
Claimant is represented by counsel. Initial medical report lists a wrist fracture, which is a typical injury for this type and force of impact, and there is no known prior injury to that area.

10/31/2024
Claimant's account was revisited in a recorded follow-up. Some small details were added, but the core sequence of events has stayed the same across every statement.

11/05/2024
Treatment records reviewed. Care followed a usual course, with activity restrictions and therapy easing as the claimant's condition improved.

11/27/2024
Medical file shows steady recovery and a tapering off of treatment visits. Counsel has been copied on all updates requested for the bodily injury evaluation.

11/28/2024
File reviewed and assessed as consistent across the police report, witness statements, photographs, vehicle damage and medical records. Claim moving to bodily injury evaluation.

Recorded Statement

Claim number:	C-1328
Statement of:	Caleb Johns
Taken by:	Christopher Wong
Date:	06/19/2024

Q: Thank you for agreeing to give a recorded statement today. Please state your full name for the record.

A: I'd rather just keep it to the accident details, if that's all right.

Q: Understood. Can you tell me where you were sitting when the collision happened?

A: I was in the front passenger seat of my friend's sedan. We were stopped at a light on the main road in Sguar Land.

Q: What happened next?

A: A pickup behind us didn't stop in time. I felt a hard jolt from behind and my body pusehd forward, then back against the seat. My right hand hit the dashboard as we moved.

Q: Did you hit your head or lose consciousness?

A: No, I didn't hit my head. I stayed awake the whole time and I could talk to the other driver right after.

Q: Did you speak with the other driver at the scene?

A: Yes, briefly. He apologized and said he had looked down at his phone for a second.

Q: Did police come to the scene?

A: Yes, an officer came and took information from everyone. I think he wrote the report down.

Q: When did you first notice pain in your wrist?

A: Almost right away, but I thought it was just a bruise. By that evening it was swelling badly and I could barely grip anything.

Q: Did you seek medical treatment, and what were you told?

A: I went to an urgent care clinic the next morning. They took X-rays and said the wrist was fractured. I was sent to a specialist and I've been in a splint since then.

Q: Have you missed any work because of the injury?

A: Yes, I've been off for a while because I write for a living and can't type comfortably with a splint on.

Q: Is there anything else you think I should know about the accident?

A: Only that I'm following my doctor's instructions and I want my medical bills taken care of. That's really all I have to add.

Q: Thank you. This concludes the statement.
