Claim Notes

Claim number:	C-1330
Claimant:	Emma Chavez
Adjuster:	Christopher Wong

10-19-24

Claim reported by the claimant following a low-speed head-on collision at a residential intersection. Claimant states they were the driver and reports neck and shoulder pain shortly after the impact. Claim file opened and the policyholder confirmed as the named driver on the policy.

10-31-24

Reviewed the photos submitted by the claimant, which confirm the general location and the front-end damage to the vehicle. Damage pattern appears consistent with the impact described in the first report. No independent witnesses have been identified at this stage.

2-13-25

Spoke with the claimant by phone to go over the account of the collision. Claimant described the sequence of events in the same way as in the initial report. Some uncertainty remains about the claimant's exact seating position in the vehicle at impact, which I have noted for follow-up.

4-2-25

Obtained the repair estimate for the vehicle. Damage shown on the estimate matches the impact the claimant described and the photos on file. No earlier damage to the vehicle is known from prior claims or inspection records.

4-30-25

Reviewed the medical records provided by the claimant. The shoulder injury reported is consistent with the type and force of a collision of this kind. No prior injury to the same body area appears in the records or in the claimant's history.

6-4-25

Treatment has continued somewhat longer than is typical for this kind of shoulder injury. I have asked the treating provider for updated notes to confirm the current course of care. Nothing in the file so far suggests the damage predates the start of coverage.

6-6-25

Reviewed the policy history and confirmed coverage was in force on the date of loss. Claim remains open pending the updated treatment notes and the follow-up on seating position. Next review scheduled once those items are received.

Recorded Statement

Claim number:	C-1330
Statement of:	Emma Chavez
Taken by:	Christopher Wong
Date:	10-14-24

Q: Thanks for taking the time to speak with me today. This call is being recorded for claim purposes. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please describe in your own words what happened on the day of the accident.

A: I was driving on a two-lane road in Pearland, heading toward a shopping center. The traffic was light. A car coming from the opposite direction drifted into my lane while making a turn, and we ended up in a head-on collision. It wasn't a high-speed impact, but it was enough to push my car back a bit and jolt me forward.

Q: Were you able to get out of your vehicle at the scene?

A: Yes, I got out on my own. My neck and shoulder felt tight right away, but I didn't think much of it at first.

Q: Did you seek medical attention?

A: I went to an urgent care clinic later that same day. They checked my shoulder, took some X-rays, and told me there was no fracture. They recommended rest and a sling for a few days.

Q: Have you had any follow-up treatment since then?

A: Yes, I started physical therapy about a week later. The shoulder still hurts when I lift anything above my head or reach behind me, and I've had trouble sleeping on that side.

Q: Did you have any pain or problems with that shoulder before the collision?

A: No, I hadn't had any issues with it before. I'm active and I hadn't seen a doctor for it.

Q: Is there anything else you'd like to add about the accident or your injuries?

A: Only that I'm still working through the therapy, and I'd appreciate a clear explanation of the next steps for my claim.

Q: Thank you. We'll follow up in writing with those details. That concludes our call.

A: Thank you.
