Description of the accident (claimant's words)

I was driving home on a weekday afternoon when the car in front of me stopped suddenly, and I braked as hard as I could. The car behind me did not stop in time, and I was pushed forward into the vehicle ahead. The impact was low speed, but my right shoulder twisted hard against the seatbelt and I felt sharp pain almost immediately. I was checked at the scene and later visited a clinic, where the same account of how the collision happened was given each time I was asked. I am the named driver on this policy and I have kept all my paperwork, including the repair estimate and medical notes. I am submitting this claim so the shoulder treatment and vehicle damage can be reviewed.
