Claim Notes

Claim number:	C-1331
Claimant:	Kari Gonzalez
Adjuster:	Valerie Rodriguez

7-25-24
A rear-end collision was reported under the policy, and the driver is named on that policy. The claimant is represented by counsel, and a concussion is listed as the injury.

9-3-24
The damage to the rear of the vehicle is consistent with the impact described. Photos confirm some details of the scene, but no independent witnesses have been identified.

9-7-24
The claimant gave an account of the collision, and the same account was repeated in every conversation since. The reported concussion matches the kind and force of the crash described.

11-15-24
Medical history shows a small strain in the same area several years ago, which helaed fully. Treatment has run somewhat longer than is usual for this type of injury.

11-24-24
A neighbor has said the car looked damaged some weeks before the claimed date of loss. No earlier damage to the vehicle is known from our records or the repair history.

1-8-25
The responding officer and the witnesses who have spoken to us state that the claimant was not in the vehicle when the crash happened. This conflicts with the account given so far and needs to be reconciled before the file moves forward.

1-17-25
The file remains open pending review of the witness statements, the medical records, and the neighbor's information. Counsel will be asked to provide the claimant's whereabouts at the time of the collision and any further records.

Recorded Statement

Claim number:	C-1331
Statement of:	Kari Gonzalez
Taken by:	Valerie Rodriguez
Date:	6-19-24

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the rear-end collision in Pasadena, Texas. Please state your full name for the record.

A: I'd rather just give my first name for now, if that's okay.

Q: That's fine. Can you tell me where you were driving when the collision happened?

A: I was heading east on a main road in Pasadena, in the right lane. Traffic had slowed down ahead of me, so I was already stopping.

Q: Were you wearing a seatbelt?

A: Yes, I was.

Q: What happened next?

A: The car behind me didn't stop in time. I felt a hard jolt from behind and my head snapped forward and then back against the headrest.

Q: Did you hit your head on anything?

A: I don't think so, but my head hurt right away and I felt dizzy. I sat in the car for a few minutes before I got out.

Q: Did you seek medical attention?

A: Yes, an ambulance took me to the emergency room. They told me I have a concussion. I've had headaches, trouble concentrating, and I get sensitive to light.

Q: Are you still under a doctor's care?

A: Yes, I have a follow-up appointment next week, and I've been told to limit screen time and rest as much as I can.

Q: Did anyone else get hurt?

A: No, my passenger was fine. The other driver was shaken up but I didn't see any injuries on their side.

Q: Did you take any photos of the vehicles or the scene?

A: Yes, I took a few on my phone before the tow truck arrived. I can send them to you.

Q: Thank you. Is there anything else you'd like to add about the accident?

A: Just that I'm having a hard time working right now because of the symptoms. I'd appreciate it if this could move along as quickly as possible.

Q: Understood. This concludes the recorded statement. Thank you.
