Description of the accident (claimant's words)

I was changing lanes on a multi-lane road in Katy, Texas, checking my mirror and signaling before I moved over. As I started to merge, the vehicle beside me drifted into my lane and its side struck the front passenger side of my car, pushing me toward the shoulder. I braked, pulled over safely, and stayed at the scene until the other driver and I exchanged information. When I got out, my right knee was throbbing and I had trouble bearing weight on it. I have described this same sequence of events to everyone who has asked me about it, and I am the named driver on this policy. I am submitting this statement so the claim can be processed, and I am happy to provide any further details that would help.
