Description of the accident (claimant's words)

I was turning left at a green light when a pickup truck coming the other way struck the front driver's side of my car. The impact spun my vehicle slightly and I felt my right shoulder jerk hard against the seatbelt. I stopped at the scene, spoke with the other driver and the responding officer, and I have described what happened the same way every time since then, both to the adjuster and to the medical staff who examined me. I am the named driver on this policy and was operating the vehicle with the owner's permission. I have been treated for a shoulder injury and am still limited in lifting and reaching with my right arm. I am submitting this account so the claim can be reviewed, and I can porvide any further details the insuerr requires.
