Description of the accident (claimant's words)

I was driving through the intersection on a green light when a vehicle coming from my right ran its red signal and struck the passenger side of my car. The impact pushed my vehicle sideways into the curb, and I felt a sharp pain in my right shoulder almost immediately. I have told the officer at the scene, the adjuster on the phone, and the clinic staff the same thing each time, and I am happy to repeat it again. I am the named driver on this poilcy and was the only person in the car. My car was towed from the scene, and I have attached the repair estimate and my medical visit notes for your review.
