Claim Notes

Claim number:	C-1337
Claimant:	Theresa Allen
Adjuster:	Jerry Hanson

6 Oct 2025
First notice of loss came in from the policyholder's side after a side impact at a signalized intersection, with the claimant listed as a passenger in the vehicle struck on the driver's side. The claimant is represented by counsel, so all further contact will be routed through the attorney's office.

10 Oct 2025
Confirmed that the driver is named on the policy and that the policy was in force at the time of the collision. Nothing in the file points to any damage existing before coverage began.

4 Dec 2025
Obtained the police report, which places the claimant in the vehicle at the scene and describes the crash in line with the initial account. Officer notes were consistent with the driver's statement.

7 Dec 2025
Spoke with the other driver, who gave the same description of the light sequence and the point of impact. Their account matches what was reported at first notice.

14 Dec 2025
Reviewed scene photos and the vehicle damage profile. The crush pattern and panel damage line up with a side impcat of the type described.

11 Jan 2026
Collected statements from two independent witnesses. Both recall the collision and the vehicle positions the same way the other parties have described them.

7 Feb 2026
Claimant's counsel sent the initial medical summary reporting a concussion diagnosed at the emergency department after the crash. The injury profile fits the force and direction of the impact.

11 Feb 2026
Requested prior medical records. No earlier injury to the same body area appears in the history provided, and the claimant reports no prior head trauma.

30 Mar 2026
Treatment followed a typical course, with follow-up visits and symptom checks that gradually decreased as the claimant improved. Treating provider notes show steady recovery.

31 Mar 2026
Spoke with the claimant through counsel. The account of the crash, including the sequence and seating position, was the same as in every eariler conversation.

1 May 2026
Reviewed repair estimates and the shop's inspection. No earlier damage to the vehicle is recorded, and the repairs address only the collision damage.

3 May 2026
Current status: liability and damage are established, the bodily injury claim is being evaluated based on the medical record, and the file is set for counsel's demand package.

Recorded Statement

Claim number:	C-1337
Statement of:	Theresa Allen
Taken by:	Jerry Hanson
Date:	4 Oct 2025

Q: Thank you for agreeing to give this rceorded statement. Can you confirm that you were driving the vehicle involved in the collision at the intersection in Katy, Texas?

A: Yes, that's right. I was the driver.

Q: Please describe in your own words what happened before the impact.

A: I was heading through the intersection on a green light. I had slowed a little because traffic was backed up on the cross street, but I was moving through when the other car came from my right side.

Q: Did you see the other vehicle before it reached you?

A: Not really. I glanced to the right just as I entered, and it was already close. I tried to brake, but there wasn't time to avoid it.

Q: Where did the impact land on your vehicle?

A: On the driver's side, toward the front door. The airbag on my side deployed.

Q: Were you injured?

A: Yes. I hit my head on the window frame and I've had a headache since. I was dizzy at the scene, and my doctor has diagnosed me with a concussion. I've been told to limit screen time and rest.

Q: Are you currently receiving treatment for that?

A: Yes, I'm seeing a physician and I've had a follow-up appointment. I'm also keeping a symptom log for them.

Q: Did you have any passengers?

A: No, I was alone in the car.

Q: Is there anything you'd like to add to your statement?

A: Only that I'm still having trouble concentrating some days, and I'd like to be kept informed about how my claim is progressing.

Q: Thank you. This concludes the statement.
