Claim Notes

Claim number:	C-1340
Claimant:	Colleen Jones
Adjuster:	Chelsea Hebert

12/09/2023
Claim opened for a parking lot collision in which the insured's vehicle was struck while stationary. The claimant reports a wrist injury and is not represented by counsel.

12/31/2023
Reviewed the driver's listing on the policy and confirmed the named driver is the person who was operating the vehicle at the time of loss.

02/23/2024
Obtained the police report and witness statements. Both confirm the claimant was in the vehicle and that the impact occurred as described.

03/18/2024
Photographs of the scene and the other driver's account match the reported sequence of events. Damage to the vehicle is consistent with the described impact, and no earlier damage is known.

03/24/2024
Confirmed there is nothing indicating the damage predates the start of coverage. Policy effective dates were checked against the loss timeline.

05/08/2024
Claimant has given the same account in every conversation so far. The reported wrist fracture is a plausible injury for a collision of this type.

07/31/2024
Medical records show treatment ran somewhat lonegr than is typical for this injury. Claimant mentioned a minor strain to the same area years ago that healed fully; this will be noted for the medical review.

Recorded Statement

Claim number:	C-1340
Statement of:	Colleen Jones
Taken by:	Chelsea Hebert
Date:	12/10/2023

Q: This is the adjuster recording a statement regarding the parking lot collision in Katy, Texas. Please state your full name for the record.

A: I'd rather just give you my first name for now, if that's okay.

Q: That's fine. Can you describe where you were when the collision happened?

A: I was driving slowly thorugh the lot of a shopping center, looking for an open space near the entrance. It was busy, with cars backing out all over the place.

Q: What happened next?

A: A silver sedan backed out from a space on my left and didn't stop. I hit the brakes hard, but the front of my car clipped the rear quarter panel of theirs. It wasn't a high-speed impact, but it was enough to throw me against the steering wheel and jerk my arms.

Q: Did you have any injuries at the scene?

A: My right wrist hurt right away, and I was sore in the shoulder. I didn't think much of it until the next morning, when the wrist was swollen and I couldn't grip anything.

Q: Have you seen a dcotor since the collision?

A: Yes. I went to an urgent care clinic, and they took X-rays. The doctor told me the wrist was fractured and put me in a splint. I'm scheduled to see an orthopedic specialist for follow-up.

Q: Did you get the other driver's information?

A: Yes, I exchanged insurance details and took a few photos of both vehicles before we moved them.

Q: Is there anything else you think I should know about the accident?

A: Not that I can think of. I just want to get my car repaired and get my wrist healed so I can get back to work.

Q: Thnak you. That concludes the statement.
