## Claim Notes

|---|---|
| **Claim number:** | C-1343 |
| **Claimant:** | Susan Ellis |
| **Adjuster:** | Jerry Hanson |

February 27, 2025
Claim received for a sideswipe that occurred while the insured's vehicle was changing lanes. The claimant is represented by counsel, and all further contact will go through the attorney's office.

April 6, 2025
Confirmed the driver is listed on the policy and that coverage was in force on the date of loss. Nothing in the file suggests the vehicle damage predates the policy start.

April 14, 2025
Reviewed the police report and the photos from the scene. Both the officer and the independent witnesses describe the collision as it was reported, and the claimant is confirmed as an occupant of the vehicle.

April 15, 2025
Inspected the vehicle. Most of the damage lines up with the described impact along the driver's side. A few older scratches are present that may predate this loss, and I have noted them separately for the estimate.

April 28, 2025
Spoke with the other driver, who gave an account that matches the claimant's description of the lane change. The claimant has told the same account in every conversation so far.

May 25, 2025
Received medical documentation for a knee injury. The type of injury and the force of the crash are consistent with each other. Treatment has continued somewhat longer than is typical for this injury, so I have requested the treatment notes.

May 26, 2025
The claimant's records show a minor strain in the same area several years ago, which healed fully with no lasting effects. The prior episode has been noted, and I am reviewing it alongside the current treatment.

June 22, 2025
Liability and vehicle damage are well supported by the evidence. The open items are the length of treatment and the relationship to the prior strain, and both are awaiting reocrds from the treating provider.

| **Statement of:** | Susan Ellis |
| **Taken by:** | Jerry Hanson |
| **Date:** | November 4, 2024 |

Q: This is the adjuster following up on your claim for the sideswipe collision. Please state your full name for the recording.

A: I'd rather just give my first name for the recording, if that's okay.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was in Baytown, Texas, driving in the right lane on the main road. I was changing lanes to get over toward the left, because I needed to make a turn a little further up.

Q: What did you see before you moved over?

A: I checked my mirror and I didn't see anything close behind me. I signaled and started to move. Then I heard a loud scrape and felt my car get pushed sideways.

Q: Did you see the other vehicle at any point before contact?

A: Not really. It came up on my left side fast, and I only caught a glimpse of it right before the impact.

Q: Where did your vehicle make contact with the other car?

A: On the passenger side of my car, near the rear door, and the front fender of the other car was involved.

Q: Were you injured?

A: Yes. My right knee hit the dashboard and the steering column area. It's swollen and I've had trouble bending it and putting weight on it.

Q: Have you seen a doctor for the knee?

A: I went to urgent care the same day, and I've scheduled a follow-up with my regular physician.

Q: Is there anything else you'd like to add to your statement?

A: Only that I'm trying to keep track of all my receipts and medical visits, and I'll send them to you.

Q: Thank you. This concludes the statement.

A: Thank you.
