Bodily Injury Unit

Claim Notes

Claim number:	C-1344
Claimant:	Karen Melendez
Adjuster:	Alison Sweeney

February 12, 2024
Claim opened for a parking lot collision in which the insured's vehicle was struck while stopped. The claimant reports a knee injury and is represented by counsel, so all contact will go through the attorney's office.

February 22, 2024
Confirmed the drvier is named on the policy and that the policy was in force at the time of loss. Nothing in the file suggests the damage predates the coverage start.

April 11, 2024
Police report and two statements confirm the claimant was in the vehicle at the time of impact. No independent witnesses have come forward to describe the collision itself.

May 6, 2024
Reviewed scene photos. They confirm the general location and point of contact, though the lot camera did not capture the moment of impact.

May 22, 2024
Reviewed the photos of the vehicles. A few old scratches appear on the rear bumper and may be older than this crash, so the repair estimate is being checked against them.

June 21, 2024
The claimant's first statement was given to the attorney's office. Later the claimant added smaller details about seat position and the seconds before impact, but the core account has not changed.

July 4, 2024
Medical records show a knee injury that is plausible for a low-speed impact of this kind. No prior injury to the same area appears in the records we have requested.

July 22, 2024
Treatment followed a typical course of therapy and tapered off as the claimant improved. The most recent records describe a steady recovery.

September 8, 2024
The medical provider and the damage estimate do not yet fully line up. It is unclear whether all of the vehicle damage and the injury came from this single impact, so the question has been sent to the appraiser and the treating provider.

September 13, 2024
Reserve reviewed and kept in place pending the appraiser's supplemental findings and the attorney's response to our request for records. Next review is scheduled once thsoe are received.

Recorded Statement

Claim number:	C-1344
Statement of:	Karen Melendez
Taken by:	Alison Sweeney
Date:	February 4, 2024

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on a recording, but you can refer to me as the claimant.

Q: That's fine. Can you desrcibe where the collision happened?

A: It was in a parking lot in Pearland, Texas, at a shopping center. I was pulling into a space near the entrance when another vehicle backed out of a spot and hit the driver's side of my car.

Q: Were you wearing a seatbelt, and how fast were you going?

A: Yes, I had my seatbelt on. I was going very slowly, maybe walking speed, because I was looking for a spot.

Q: Did you hit anything inside the vehicle?

A: My knee struck the lower part of the dashboard when the impact happened. I felt a sharp pain right away.

Q: Did you get out of the car and speak with the other driver?

A: I got out, yes. The other driver apologized and said they didn't see me coming. We exchanged insurance information.

Q: Did you seek medical attention afterward?

A: I went to an urgent care clinic the same afternoon. They X-rayed my knee and told me it was badly bruised and possibly sprained. I was given a brace and told to stay off it for a while.

Q: Have you had any problems with that knee before this incident?

A: No, not that I can recall. I'd been running a few times a week without trouble.

Q: Are you currently working or doing your normal activities?

A: I've been limited. I can't drive for long periods, and my job involves standing, so I've had to take time off while I recover.

Q: Is there anything else you'd like to add to your statement?

A: Only that I'm still in physical therapy and I'm willing to provide my medical records.

Q: Thank you. This concludes the statement.
