Description of the accident (claimant's words)

I was driving slowly through a residential intersection in Houston, Texas, when the car in front of me stopped suddenly and I was unable to avoid a collision. The other vehicle was coming toward me in my lane, and we made contact head-on at low speed. Neither airbag deployed, but I felt an immediate jolt through my neck and lower back. I have been consistent about what happened each time I have described it, to the officer at the scene, to the adjuster, and to my doctor. I am the named driver on this policy and I was operating my own vehicle with the owner's permission. Since the impact I have been dealing with stiffness and soreness in my neck and back, and I have been attending physical therapy to manage the strain. I am providing this statement so the claim can be reviewed with the facts as I know them.
