Injuries reported:	shoulder injury
Investigating officer:	Officer Ronald Davis, Badge 1029

Occupants of each vehicle

Vehicle	Seat	Name
Vehicle 1 (insured)	Driver	Karla Wilson
Vehicle 2	Driver	Andrew Goodman

Officer's narrative

Officers were dispatched to a two-vehicle collision on a residential roadawy in Pearland, Texas, where a low-speed head-on impact had occurred between two psasenger vehicles. Driver 1 and Driver 2 were both on scene, and a Passenger was confirmed to have been seated in the vehicle operated by Driver 1 at the time of impact. Officers spoke with Driver 2 and two independent witnesses, all of whom gave accounts consistent with the physical evidence and with the scene photographs taken on arrival. Driver 1 reported a shoulder injury, and the nature of the impact is consistent with that type of injury given the direction and force of the collision. No prior damage to Driver 1's vehicle was known to any party or observed by officers. Officers noted that it is not clear whether all of the visible damage resulted from this single impact, and the question was left open for further review. Driver 1 is listed as a member of the policyholder's household and was identified as an authorized driver of the vehicle. Medical attention was offered at the scene, and both drivers were transported for evaluation.
