Q: Thanks for taking the time to speak with me today. This recorded statement concerns the sideswipe collision you reported in Conroe, Texas. Please state your full name for the record.

A: I'd rather just give the facts of what happened, if that's okay.

Q: That's fine, but I still need your name for the file.

A: Understood. It's the person you have listed on the claim.

Q: Thank you. Can you walk me through what you were doing right before the collision?

A: I was driving in the right lane on the main road, heading toward the shopping center. I signaled to move into the left lane because I needed to get over for a turn coming up.

Q: Did you check your mirrors and blind spot before changing lanes?

A: I checked the mirror and I glanced over my shoulder. I didn't see anything right beside me, so I started to move over.

Q: What happened next?

A: The other vehicle was in the left lane, a bit back, and then it was suddenly right next to me. Our side mirrors touched and I felt my car shove sideways. I braked and pulled onto the shoulder.

Q: Did you notice any injuries at the scene?

A: Not right away. About an hour later my right shoulder started hurting badly, and by the next morning I could barely lift my arm above my chest.

Q: Have you sought medical treatment since the collision?

A: Yes, I went to an uregnt care clinic the following day and they recommended an imagnig appointment. I've been doing physical therapy twice a week snice then.

Q: Did anyone else witness the collision?

A: I don't believe so. The other dirver stopped briefly and then left the area before the police arrived.

Q: Is there anything else you think I should know?

A: Only that my car has damage along the passenger side and I'd like the repair handled quickly.

Q: Thank you. I'll follow up with the repair shop and your medical providers. This concludes the statement.
