Q: Thank you for taking the time to speak with me today. This call is being recorded for claim purposes. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please describe where you were and what happened when the collision occurred.

A: I was stopped at a red lgiht in League City, in the left lane of a two-lane road heading toward the shopping center. I had been stopped for maybe ten seconds when I felt a hard jolt from behind.

Q: Did you see the other vehicle before the impact?

A: Not really. I checked my mirror a moment before and saw headlights, but I didn't realize how close it was until it hit me.

Q: How fast do you estimate the other vehicle was moving?

A: I honestly can't say. It seemed faster than traffic should be moving at a light, but I'm not a good judge of speed in that moment.

Q: Did you have your hands on the wheel at impact, and were you braking?

A: Yes, both hands on the wheel, and my foot was on the brake. The impact still threw me forward and then back into the seat.

Q: Where did you feel pain or injury first?

A: My right wrist hit the steering wheel and then the door frame. It hurt immediately, and I cuold not move my fingers well. Later I was told it was fractured.

Q: Have you received medical treatment for the wrist?

A: Yes. I was taken to an urgent care clinic and then referred to an orthopedic specialist. I have a cast now and I'm scheduled for a follow-up.

Q: Did anyone else ride in your vehicle?

A: No, I was alone.

Q: Is there anything you'd like to add that I haven't asked?

A: Only that I'm still having trouble with daily tasks like writing and opening jars. I'd appreciate it if this could be handled promptly.

Q: Thank you. We'll follow up with you in writing. This concludes the statement.
