Officer's narrative

Officer's narrative: On arrival at the intersection in League City, Texas, I found a rear-end collision involving two passenger vehicles. Driver 1 was stopped in the travel lane when the vehicle operated by Driver 2 struck the rear bumper area. Driver 1 reported pain in the left wrist and was transported for evaluation. The injury reported is consistent with the force and direction of the impact, and the damage to the rear of Driver 1's vehicle matches the described collision. Officers on scene confirmed Driver 1 was inside the vehicle at the time of impact, and a Passenger was also present in the front seat. No prior damage to Driver 1's vehicle was known or observed. Scene photographs document some of the reported details. No independent witnesses were located. Driver 1 is listed as the named insured on the policy covering the vehicle. Vehicles were moved to the shoulder, and traffic was directed until the scene was cleared.
