Claim Notes

Claim number:	C-1357
Claimant:	Rebecca Figueroa
Adjuster:	Jerry Hanson

10-21-23
Claim received for a collision at an intersection where the insured vehicle was turning left and was struck by an oncoming vehicle. The claimant is represented by counsel, and all further contact is being routed through the attorney's office.

11-15-23
Reviewed the photographs submitted with the first notice of loss. They show damage to the front quarter of the insured vehicle that is largely consistent with the impact described in the initial report.

12-9-23
Police report and statements from the scene confirm the claimant was seated in the vehicle at the time of the collision. No independent witnesses were located, so the account rests on the parties and the photographs.

12-14-23
Checked the vehicle's prior claim history and inspection records. No earlier damage to this vehicle has been found in any file.

12-23-23
Verified that the policy was in force on the date of loss and that no lapse or late endorsement is indicated. Nothing in the file points to damage predating coverage.

1-5-24
The driver of the insured vehicle resides with the named policyholder and is listed as a household member, so coverage applies under the policy's household provisions.

3-16-24
Medical records received show a neck strain as the primary diagnosis. The injury type and the force involved in the crash appear to align well, and treatment has continued somewhat longer than is typical for this presentation.

5-12-24
Records also show treatment to the same area of the neck wihtin the last two years. That prior condition appears to be adding to the current complaints, and the apportionment question has been noted for review.

5-18-24
The claimant has given the same account of events in every recorded conversation, and the details have not shifted between contacts. File remains open pending the medical review and counsel's demand package.

Recorded Statement

Claim number:	C-1357
Statement of:	Rebecca Figueroa
Taken by:	Jerry Hanson
Date:	10-23-23

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you were involved in while turning left in Houston, Texas. Please state your full name for the record.

A: I'd rather just give the facts of what happened, if that's okay. Let's get to it.

Q: That's fine. Can you describe the vehicle you were driving and where you were headed when the collision occurred?

A: I was driving my sedan. I was heading toward a shopping center and needed to make a left turn across the eastbound lanes at an intersection with a traffic signal.

Q: What did the signal show when you began your turn?

A: It was a green arrow for my direction, or at least I believed it was. I had stopped first, then proceeded when the arrow came on.

Q: Did you see the other vehicle before impact?

A: Not clearly. It came through the intersection quickly from the opposite direction. I felt the impact on the driver's side of my car before I could react.

Q: Were you wearing your seatbelt, and did your airbags deploy?

A: Yes, I was belted. The airbags did deploy, and my head snapped forward and then back.

Q: Did you seek medical attention after the collision?

A: Yes, I went to an urgent care clinic that same afternoon. They diagnosed a neck strain and told me to rest and take anti-inflammatory medication.

Q: Are you still experiencing symptoms?

A: Yes. My neck is stiff, especially when I turn my head to check traffic, and I get headaches when I've been drviing for a while.

Q: Thank you. Is there anything you would like to add to your statement?

A: Only that I'm cooperating fully and I'd appreciate the claim being handled promptly.

Q: Thank you for your time. This concludes the recorded statement.
