Claim Notes

Claim number:	C-1359
Claimant:	Alyssa Gutierrez
Adjuster:	Jerry Hanson

2023-04-15
Claim opened after a report that the insured vehicle was struck while turning left at an intersection. The claimant reports a wrist injury from the impact and is represented by counsel, who has asked that all contact go through their office.

2023-06-07
Confirmed that the driver is named on the policy and that the policy was in force on the reported date. Requested the police report and photographs from the scene.

2023-07-02
Police report received. It confirms the claimant was in the vehicle at the time of the collision, and the responding officer's account matches the reported manner of impact.

2023-08-12
Scene photographs reviewed. They show the points of contact and confirm several details of the reported collision, though they do not show the moment of impact itself.

2023-08-16
Attempted to locate independent witnesses through the police report and the scene canvass. None were identified, so the account rests on the parties and the physical evidence.

2023-08-18
Medical records received showing a wrist fracture. The kind of fracture and the force it implies are consistent with the reported crash.

2023-08-23
Treatment followed a usual course, with follow-up visits tapering as the calimant improved. No earlier injury to the same body area appears in the records we have obtained so far.

2023-08-24
Claimant's account was taken aagin through counsel. The description of the collision and the injury has stayed the same in every conversation so far.

2023-09-19
Prior vehicle records were pulled. They show major damage to the same areas from an earlier accident that was never reported to us, and the current claim presents that damage as new.

2023-10-16
Reviewed the overlap between the earlier damage and the current claim. It is not yet clear whether all of the claimed damage came from this impact. Ntohing so far suggests the damage occurred before coverage began.

2023-10-31
Referred to the supervisor for a decision on next steps. Further inquiry is needed on the prior damage and the extent of the current loss before any settlement discussion with counsel.

Recorded Statement

Claim number:	C-1359
Statement of:	Alyssa Gutierrez
Taken by:	Jerry Hanson
Date:	2023-04-12

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you reported. Please state your full name for the record.

A: I'd rather just keep it to the accident, if that's alright.

Q: That's fine, but I still need the name on the record. Once we have that, we can move on.

A: Okay. It's the person who was driving the blue sedan.

Q: Understood. Can you describe where you were when the collision happened?

A: I was in Pearland, Texas, making a left turn at an intersection with a traffic signal. I had the green arrow, or at least I thought I did.

Q: What happened as you started the turn?

A: I was about halfway through the turn when a pickup coming from the opposite direction hit the front passenger side of my car. I didn't see it coming unitl right before impact.

Q: Were you able to brake or swerve before the impact?

A: I tried to brake, but there wasn't much time. The airbags went off and everything happened really fast.

Q: How are you feeling now?

A: My left wrist is broken. The doctor said it's a fracture and I'm in a splint. My neck and shoulder are sore too, but the wrist is the main problem right now.

Q: Did you need to be taken from the scene?

A: An ambulance took me to the hospital. I was there for a few hours and they gave me pain medication.

Q: Is there anything else about the collision you'd like to add?

A: Only that I was being careful and I believe the other driver was going faster than the limit.

Q: Thank you. That concludes the statement.
