Claim Notes

Claim number:	C-1362
Claimant:	Crystal Morgan
Adjuster:	Valerie Rodriguez

August 21, 2023
Claim opened after the insured driver reported a low-speed head-on collision. The claimant is represented by counsel, and all contact will go through the attorney's office from here.

August 27, 2023
The insured driver is named on the policy and the policy was in force for the period at issue. Nothing so far suggests the reported damage existed before coverage began.

August 30, 2023
Claimant reports neck and back strain. The kind and force of the impact described fit that injury well. No earlier injury to the same areas is known from the records we have.

November 20, 2023
Vehicle damage was inspected and is consistnet with the impact as described. A few older scratches are present, and they may predate this collision, so they have been noted separately for the estimate.

December 29, 2023
Police records place the claimant in the vehicle at the scene. No independent witness to the collision itself has come forward, and no photographs or separate accident report have been provided by anyone.

January 22, 2024
In the first call, the claimant described the direction of impact and the number of occupants in the car. In a later conversation those details were different, and the claimant has not yet explained the change. Counsel has been asked to clarify in writing.

March 11, 2024
Treatment has continued somewhat longer than is typical for this kind of injury. The treating provider's notes are requested to confirm the reasons for the extended course of care.

March 15, 2024
File remains open pending the requested treatment notes, the written clarification on the impact details, and a review of the scratches against the inspection photos. No liability or coverage decision has been made.

Recorded Statement

Claim number:	C-1362
Statement of:	Crystal Morgan
Taken by:	Valerie Rodriguez
Date:	August 18, 2023

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you were involved in in League City, Texas. Do you understand that this conversation is being recorded?

A: Yes, I understand.

Q: Please state your full name and the address where you currently receive mail.

A: I'd ratehr just give the address. I live in League City, and my mail goes to the house on the corner lot.

Q: That's fine. Can you describe what you were doing right before the collision?

A: I was driving home from the store. It was a weekday afternoon, and traffic was moderate. I was in the right lane heading down a two-lane road with a slight curve.

Q: What happened next?

A: The other car came across into my lane. I think they were trying to pass something or they swerved. I braked and turned a little to the right, but we still hit nose to nose. It wasn't a hard impact. My airbags didn't deploy.

Q: How fast were you traveling?

A: I'd guess around thirty miles an hour, maybe a bit less because I had already started slowing down.

Q: Did you have any injuries at the scene?

A: Not right away. My neck felt stiff, and by that evening my lower back was sore. I went to urgent care the next morning.

Q: Have you been seen by any medical provider since then?

A: Yes, I've had a few follow-up visits. They diagnosed a neck and back strain and gave me some exercises and medication. I still get some stiffness when I turn my head quickly.

Q: Is there anything you would like to add to your statement?

A: Only that I'm still trying to get back to normal, and I'm willing to provide my medical records whenever you need them.

Q: Thank you. This concludes the statement.

A: Thank you.
