Officer's narrative

Officer responded to a low-speed head-on collision in League City, Texas. Driver 1 and a Passenger were in the vehicle at the scene, and a bystander who arrived shortly afterward confirmed they had been seated inside. Driver 1 reported neck and back strain and said the impact pushed them forward and back against the seat. The damage to both front ends is consistent with a low-speed frontal impact, and the reported injuries are the kind one would expect from that force. Several older scratches along the lower bumper of Driver 1's vehicle may predate this collision and were noted separately. No independent witness saw the collision itself, and no photographs of the scene or vehicles were submitted by anyone other than the officer. No other crash report was located for either location. Driver 1 is listed as the named insured on the policy card found in the vehicle. Both drivers were cooperative, and no citations were issued at the scene.
