Description of the accident (claimant's words)

I was backing out of a parking space at a shopping center in Pearland, Texas, moving slowly with my brake lights on, when another vehicle came down the aisle and struck the rear passenger side of my car. I stopped right away, checked on the other driver, and called the police to the scene. My neck snapped forward and back on impact, and I have been treated for whiplash since then, with stiffness and headaches that have made it hard to work and sleep. I have described what happened the same way to the officer, to the adjuster, and to my doctor. I am the named driver on this policy and I am submitting this claim for the damage to my vehicle and my medical expenses.
