Description of the accident (claimant's words)

I was driving through the intersection on a green light when a car coming from my left ran its red and struck the side of my vehicle. The impact pushed my car sideways and I felt my lower back jolt against the seat belt. I stayed at the scene until the police arrived, and I gave the same description of how the collision happened to the officer, to the other driver's insurer, and to my own adjuster each time we spoke. I have been on the policy as the named driver for several years, and I have kept every record of the repair estimate and my medical visits. Since the crash I have had a persistent ache and stiffness in my lower back, which my doctor has diagnosed as a back strain. I am writing this staetment to report the collision and the injury so the claim can be processed.
