2024-04-02
Confirmed the driver of the insured vehicle is named on the policy and that coverage was active at the time of loss. Polciy records show no lapse or recent changes that wolud affect this claim.

2024-04-06
Obtained the police report, which places the claimant in the vehicle at the scene and notes the rear impact. Responding officers recorded the vehicle positions but no independent witnesses were identified.

Received scene and vehicle photographs from the claimant. They confirm the general location of the impact and the rear damage, though they do not show every detail the claimant describes.

2024-04-27
Reviewed the vehicle appraisal. Damage appears consistent with a rear impact of this type, but it is not yet clear whether all of the listed damage resulted from this collision. A supplemental inspection has been requested.

Statement of:	Phillip Garza
Taken by:	Alison Sweeney
Date:	2024-02-25

Q: Thank you for agreeing to give a recorded statement today. Please state your full name for the record.

A: I'd rather not give my name on the recording, if that's okay. I can answer the questions aobut the accident.

Q: That's fine. Can you describe where the collision happened?

A: It was on a main road in League City, Texas, at a stoplight near a shopping center. I was stopped behind another vehicle waiting for the light to change.

Q: What happened next?

A: I was stopped, and then I felt a hard jolt from behind. The car behind me hit mine. I didn't see it coming in the mirror in time.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: Did you hit your head or lose consciousness?

A: No, I didn't hit my head and I didn't black out. My head snapped back and forward, though.

Q: When did you first notice pain or stiffness?

A: The next morning my neck was really stiff and I had a headache. By the second day it was hard to turn my head to check my blind spot when driving.

Q: Have you seen a doctor since the accident?

A: Yes, I went to urgent care that same afternoon and then made an appointment with my family doctor. They diagnosed me with whiplash and gave me a neck brace and some physical therapy referrals.

Q: Are you still experiencing symptoms?

A: Yes. I still get stiffness and some pain at the end of the day, and I've had to cut back on lifting at work for now.

Q: Is there anything else you'd like to add to your statement?

A: Only that I'm following my doctor's advice and I'm trying to get back to normal as quickly as I can.

Q: Thank you. That concludes the statement.

A: Thank you.
