Description of the accident (claimant's words)

I was stopped at a red light on a main road in League City, Texas, with my foot on the brake, when the car behind me hit my rear bumper hard. My head snapped forward and then back against the headrest, and my neck and upper back were sore within minutes. I stayed at the scene while the other driver and I exchanged details, and I have described what happened the same way every time since. Looking back, I remembered a few small things more clearly as the days went on, such as the sound of the impact and where the other car came to rest, but the core of my account has not changed. I am the named driver on this policy, and I am submitting this statement so my injury and vehicle damgae can be reviewed.
