Description of the accident (claimant's words)

I was backing out of a parking space at a grocery store in Houston, Texas, moving slowly with my brake lights on, when another vehicle came down the lane and struck the rear passenger side of my car. I stopped immediately, got out, and exchanged information with the other driver before the police arrived. I have described the events the same way to the officer, to the adjuster, and to my own agent, and I have nothing to add or change. I am the named driver on this policy and was the person operating the vehicle at the time. The impact threw me against the door frame, and I was taken by ambulance to a loacl hospital, where an X-ray showed a fractured wrist. I have been wearing a splint since and am attending follow-up appointments with my doctor. I am submitting this statement so the claim can be reviewed.
