Claim Notes

Claim number:	C-1369
Claimant:	Robert Cannon
Adjuster:	Chelsea Hebert

May 11, 2025
Claim opened after the policyholder reported a low-speed collision in a shopping center pakring lot, with the claimant stating she was the front passenger in the other vehicle involved. Initial contact made and the claimant's representing attorney has asked that all communication be directed to their office.

June 28, 2025
Reviewed the first notice of loss and the photos submitted by the policyholder, which confirm the general location and the positions of both vehicles after impact. Police report on file notes the claimant was present in the vehicle at the scene.

July 11, 2025
Spoke with the driver, who lives with the policyholder and is listed as a household member on the policy, and confirmed coverage applies to this operator. Driver described the impact in the same way as in the initial report.

July 24, 2025
Inpsected the damaged vehicle with the repair estimate. The damage is largely consistent with the impact described, and no prior damage to the vehicle is known from our records or the owner's account.

August 18, 2025
Checked coverage history and found nothing suggesting the damage predates the policy inception, so the loss falls within the current term.

September 12, 2025
Attorney submitted the claimant's medical records, which document a neck strain. The diagnosed injury fits the kind and force of a collision of this type.

September 18, 2025
Reviewed the treatment timeline. Care followed a usual course, with visits tapering as the claimant's symptoms improved. Records also mention a small strain in the same area several years ago that healed fully.

October 7, 2025
Took a recorded statement from the claimant through counsel. Account matched the account given in each prior conversation, with no changes to the sequence of events.

November 1, 2025
Asked for independent witness contact information. None was provided, and the photos are the only independent confirmation of details beyond the police report and the parties' statements.

December 12, 2025
Evaluation is ongoing. Injury, treatment, and property damage are being assessed together, and a summary will go to the supervisor once the remaining medical bills arrive.

Recorded Statement

Claim number:	C-1369
Statement of:	Robert Cannon
Taken by:	Chelsea Hebert
Date:	May 4, 2025

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the parking lot collision you reported. Please state your full name for the record.

A: I'd rather just use my initials, if that's okay. I'm the driver of the blue sedan that was involved.

Q: That's fine. Can you describe where the collision took place?

A: It was in a shopping center parking lot in Sugar Land, Texas. I was pulling out of a parking space in one of the rows near the main entrance, going slowly, maybe five or ten miles an hour.

Q: What happened next?

A: A pickup truck was backing out of the space across from me. I didn't see it coming because a large SUV was parked on that side and blocked my view. The rear corner of the truck hit the front passenger side of my car.

Q: Did you have a chance to stop before impact?

A: I hit the brakes as soon as I saw the truck move, but there wasn't enough room to stop completely.

Q: Did you feel any injury at the scene?

A: Not right away. I felt fine for maybe an hour. Then my neck started to stiffen up, and by that evening I had a dull ache across the back of my shoulders and a headache that wouldn't go away.

Q: Have you sought medical attention since the collision?

A: Yes, I went to an urgent care clinic the next morning. They diagnosed me with a neck strain and gave me a muscle relaxer and told me to rest and use ice.

Q: Are you still experiencing symptoms?

A: Some days are better than others. Turning my head to the left is still painful, and I've had trouble sleeping.

Q: Thank you. Is there anything else you'd like to add to your statement?

A: No, I think that covers it. I just want to get my car repaired and get back to normal.
