Reviewed the scene photos and the vehicle damage, which are mostly in line with the described impact. The claimant's account has been consistent so far.

2024-09-12
Spoke with the other driver, who confirmed the collision happened as the claimant described. Two independent witnesses gave statements that match the sequence of events.

2024-09-23
Confirmed the driver is named on the policy and that nothing in the file suggests the damage predates the start of coverage. No earlier damage to the vehicle is known.

2024-10-26
Claimant has been asked where they were seated at impact, and the answer is still unclear. The seating position will need to be clarified before the injury analysis is finalized.

Claimant provided a few additional details on a follow-up call. The core account of the crash remained the same as the first report.

2024-11-10
Medical records show the concussion treatment followed a typical course and tapered off as the claimant improved. No prior injury to the same body area is known.

2024-12-16
It is not yet clear whether the concussion was caused by this crash, so the injury portion stays open pedning further medical review. The property damage portion is being processed on its own track.

Statement of:	Michael Chavez

Q: Thnaks for taking the time to speak with me today. This recorded statement concerns the collision at the intersection in Pearland. Can you state your full name for the record?

A: I'd rather just give you my first name for now, I'm still pretty foggy.

Q: That's fine. Do you understand this call is being recorded and that you can take a break at any time?

A: Yes, I understand.

Q: Can you describe what you were doing right before the collision?

A: I was driving through the intersection on the green light, heading toward the store. I'd just gotten past the crosswalk when a pickup came from my right side and didn't stop for its red.

Q: Where did the impact occur on your vehicle?

A: On the driver's side, behind the door. I felt the whole car shove sideways and my head snapped against the window.

Q: Were you wearing your seatbelt?

A: Yes, the belt locked up and I think that's what kept me from going further.

Q: Did you lose consciousness or hit your head on anything else?

A: I don't think I passed out, but I've had a bad headache since, I get dizzy when I stand up, and the light bothers my eyes.

Q: Have you sought medical attention since the collision?

A: An ambulance took me to the emergency room. They said I have a concussion and told me to limit screen time and rest.

Q: Is there anything you would like to add or correct in your account?

A: Only that I was not on my phone and I was going the speed limit. That's really all I remember clearly right now.

Q: Thank you. We will follow up once you have your medical paperwork.

A: Okay, thanks.
