Description of the accident (claimant's words)

I was making a left turn at an intersection in Pasadena, Texas, when a vehicle coming from the opposite direction struck the front of my car. I had the green light and was already well into the turn when the impact happened. The collision threw me against the steering wheel and then the door, and I felt immediate pain in my left wrist. I was taken to the hospital by ambulance, where an X-ray showed a fracture, and I have since been placed in a cast and referred to a specialist. I have given the same description of events to the responding officer, the adjuster, and the medical staff, and I have nothing to add or change to it. I am the named driver on this policy, and I am submitting this statement so the claim can be reviewed.
