Reported injury:	shoulder injury

Description of the accident (claimant's words)

I was driving through the intersection on a green light when a vehicle coming from my right entered at speed and struck the driver's side of my car. The impact pushed my vehicle sideways and I felt a sharp pain in my right shoulder as I braced against the steering wheel. I stayed at the scene until the police arrived and gave them the same account I am giving here. I have since remembered a few smaller details, such as the position of the other car's headlights, but the core sequence of events has not changed. I am the named driver on this policy and I have kept all medical notes and repair estimates related to the collision.
