Claim Notes

Claim number:	C-1375
Claimant:	Kevin Jordan
Adjuster:	Jerry Hanson

2024-07-24
Claim reported by the policyholder's household member after a sideswipe while changing lanes. The claimant reoprts a knee injury and is represented by counsel, so all contact will go thorugh the attorney's office.

2024-07-30
Obtained the police report and contacted the other driver, who described the lane change and contact in the same way the claimant did. Two independent witnesses were also reached and their accounts are consistent.

2024-08-03
Reviewed the photos submitted from the scene. The damage is mostly along the expected line of the described impact, and the claimant's vehicle shows no sign of earlier damage in the same areas.

2024-08-08
Confirmed with the police and the witnesses that the claimant was in the vehicle at the time of the collision. The driver is listed on the policy as a household member, so coverage applies under the policy terms.

2024-10-06
Spoke with the claimant's attorney, who provided the initial medical summary. The reported knee injury fits the kind and force of the collision, and no prior injury to that body area is known from the records available so far.

2024-10-09
Recorded the claimant's account by phone. The version given is the same as the one provided at first notice, including the sequence of the lane change and the point of impact.

2024-10-26
Verified the policy effective date and reviewed the vehicle history. Nothing in the file suggests the damage predates the start of coverage.

2024-11-13
Treatment has grown steadily since the first report, with more visits and new services added each month. That pattern is well beyond what this type of knee injury usually requires, so the file has been flagged for a medical review.

2025-01-19
Sent the damage estimate, the medical review request and the statement summaries to the supervisor for a settlement authority decision. The attorney has been notified that the file is under review and that a response on the medical question is pending.

Recorded Statement

Claim number:	C-1375
Statement of:	Kevin Jordan
Taken by:	Jerry Hanson
Date:	2024-06-12

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident details, if that's all right.

Q: Understood. Can you tell me where you were when the collision happened?

A: I was driving on a multi-lane road in Baytown, Texas, heading toward the freeway. Traffic was moderate and the lanes were fairly wide.

Q: What were you doing right before the impact?

A: I was changing lanes to the right because the lane ahead had slowed. I checked my mirror and saw nothing close, so I signaled and started to move over.

Q: Did you see the other vehicle at any point?

A: Not until it was already alongside me. I heard a loud scrape and felt my car shove to the left. I didn't see it coming up in my blind spot.

Q: Which part of your vehicle made contact with the other car?

A: The right side of my car, near the rear door and the back panel. The other car's left side was damaged too, from what I could see afterward.

Q: Did you or the other driver stop after the collision?

A: Yes, we both pulled onto the shoulder. We exchanged information and the other driver seemed shaken but okay.

Q: You mentioned an injury. Where do you feel it, and when did you first notice it?

A: My right knee. It hit the steering column or the door frame when the car jolted. I felt pain almost right away, and it got worse over the next day or two.

Q: Have you seen a medical provider for the knee?

A: Yes, I went to urgent care that same week and I've been following up with my own doctor since then. They've recommended imaging and some physical therapy.

Q: Is there anything you would like to add to your account?

A: Only that I was trying to be careful and I signaled before moving over. That's everything I can recall right now.

Q: Thank you. This concludes the statement.

A: Thank you.
