### Appraiser remarks

The rear bumper cover is cracked and the left quarter panel shows creasing with paint loss, which fits the low-speed rear contact described in the parking lot. Damage to the trunk lid edge appears consistent with the same impact. The proposed plan is to replace the bumper cover, repair and refinish the quarter panel, and blend adjacent paint. The repair labor hours look somewhat high for this scope of work and should be reviewed with the shop. No prior damage to this vehicle is known, and the invoices reviewed show no repeated charges.
