### Description of the accident (claimant's words)

I was driving through the intersection in Baytown, Texas, on a green light when a car coming from my left ran its red and struck the driver's side of my vehicle. I had no time to brake. My airbag deployed, and my left wrist hit the door frame hard enough that I knew immediately something was wrong. An ambulance took me to the emergency room, where X-rays confirmed a fractured wrist, and I have since had it set and placed in a cast. I have described what happened the same way to the police officer at the scene, to the other driver's insurer, and to my own adjuster, and I have no changes to add. I am the named driver on this policy and I am submitting this statement to support my claim for vehicle damage and medical expenses. I am willing to provide photographs, the police report number, and my medical records on request.
