18 Mar 2025
Claim received for a side impact at an intersection involving the insured's vehicle and a second vehicle. The claimant reports neck and back strain and is not represented by an attorney.

10 May 2025
Confirmed the driver is named on the policy and that the policy was in force at the time of the loss. Requested the police report and statements from the other driver.

20 Jun 2025
The police report and the other drvier both confirm the claimant was in the vehicle at the time of the collision, and the accuont of how the crash happened matches what was reported at first notice.

29 Jun 2025
Reviewed scene photos and spoke with two witnesses. Both describe the collision in the same way the claimant did, and the photos show damage that is mostly consistent with the described impact.

5 Sep 2025
Spoke with the claimant by phone. The account of the crash was the same as in the initial report, with no changes in sequence or detail.

8 Sep 2025
Inspected the vehicle with the appraiser. The damage pattern lines up well with a side impact of this type, and no prior damage to the vehicle is known from our records or prior claims history.

9 Sep 2025
A neighbor contacted the office and stated the car looked damaged a few weeks before the reported loss. This has been noted and will be followed up, though the neighbor did not provide specifics about what was seen.

12 Sep 2025
Reviewed the medical records. The reported neck and back strain fits the kind and force of the crash, and no earlier injury to the same body areas is on file.

8 Oct 2025
Treatment followed a typical course and tapered as the claimant improved, with notes showing steady progress at each follow-up visit.

24 Oct 2025
Reviewed the file with the team lead. The neighbor's comment is the only open item; the rest of the information supports the claim as reported, and the file will be updated once the follow-up is complete.

Recorded Statement

Claim number:	C-1382
Statement of:	Robert Wolf
Taken by:	Darin Tyler
Date:	11 Mar 2025

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision at the intersection in Conroe, Texas. Please state your full name for the record.

A: I'd rather just keep it to the accident itself, if that's okay.

Q: That's fine. Can you walk me through what happened as you remember it?

A: I was going through the intersection on a green light. Another vehicle came from my right side and went through the red. It hit the passenger side of my car pretty hard.

Q: Were you able to stop or swerve before impact?

A: No. It happened so fast. I hit the brakes but there wasn't time to do anything else.

Q: Did you hit your head or lose consciousness?

A: I didn't black out. My head didn't hit anything I know of, but my body got thrown against the door and then back toward the middle of the car.

Q: How are you feeling now?

A: My neck is stiff and sore, and my lower back aches, especially when I sit for a long time. I've been taking over-the-counter pain relievers and using a heating pad.

Q: Have you seen a medical provider since the collision?

A: Yes, I went to an urgent care clinic that same day and was told I had strains in my neck and back. I've been doing some physical therapy exercises at home.

Q: Did you have any neck or back problems before this collision?

A: Not that I'd call serious. I had a little stiffness now and then from desk work, but nothing that stopped me from doing my normal activities.

Q: Thank you. Is there anything else you'd like to add?

A: Only that I'm hoping to get my car looked at and to get back to normal soon.

Q: Thank you for your time. This concludes the statement.
