Injuries reported:	neck and back strain
Investigating officer:	Officer David Alvarez, Badge 1002

Occupants of each vehicle

Vehicle	Seat	Name
Vehicle 1 (insured)	Driver	Robert Wolf
Vehicle 2	Driver	James Higgins
Vehicle 2	Passenger 1	David Riley

Officer's narrative

Driver 1 was traveling through the intersection when the vehicle was struck on the driver's side by Driver 2, who had entered the intersection from a cross street. Upon arrival, the responding officer observed the passenger-side and driver-side damage to both vehicles and found it consistent with a broadside collision of this type. Witnesses at the scene stated that the crash occurred as Driver 1 described it, and photographs taken on scene were consistent with those accounts. Driver 2 also gave a statement confirming the sequence of events. Officers verified that Passenger was seated in the vehicle at the time of impact. Driver 1 reported neck and back pain and was transported for evaluation. The force of the impact appeared sufficient to produce the type of soft tissue injury described. No prior damage to the vehicle was noted by the responding officer, and records indicate Driver 1 is listed as a named driver on the policy covering the vehicle.
