## Claim Notes

| | |
|---|---|
| **Claim number:** | C-1383 |
| **Claimant:** | James Lopez |
| **Adjuster:** | Chelsea Hebert |

2025-07-27
Claim was reported by phone and the claimant described a rear-end collision at a traffic signal. The claimant is not rperesented by an attorney and has been told how the claim process works.

2025-07-31
The policy lists the driver of the insured vehicle as a named driver, and that driver's coverage was confirmed as in force at the time of the reported loss.

2025-09-12
The police report confirms the claimant was in the vehicle at the scene. No independent witnesses to the impact itself have been identified so far.

2025-10-24
Scene photos were received and show some of the damage described in the claimant's account. The overall damage appears mostly consistent with the described impact, and the vehicle has been scheduled for a full inspection.

2025-11-29
The claimant reports a wrist fracture from the collision. The reported injury is plausible for a crash of this type, and an authorization for medical records has been requested.

2026-01-08
Medical records were received. They show treatment for the wrist that ran somewhat longer than is typical for this injury, and the claimant's physician notes were requested for clarification.

2026-01-15
Prior medical records show long-standing treatment for the same wrist condition before the reported crash. Most of the current complaints appear to relate to that earlier condition, and this is being reviewed.

2026-02-13
A neighbor contacted the office and stated the vehicle appeaerd damaged some weeks before the claimed loss date. No prior damage to the vehicle is recorded in our files, and the statement has been noted for follow-up.

2026-02-16
The claimant has given the same account of the collision in every conversation so far, with no changes to the sequence of events. The claimant's account has been recorded in full in the file.

2026-02-20
Claim remains open pending the vehicle inspection, the neighbor follow-up, and review of the prior medical records. A status update will be sent to the claimant once these items are complete.

## Recorded Statement

| | |
|---|---|
| **Claim number:** | C-1383 |
| **Statement of:** | James Lopez |
| **Taken by:** | Chelsea Hebert |
| **Date:** | 2025-07-15 |

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the rear-end collision you were involved in on the roadway in League City, Texas. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please describe where you were when the collision happened.

A: I was driving in the right lane on a main road heading toward the shopping center. Traffic had slowed down ahead of me, so I was already coming to a stop.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: What happened next?

A: The car behind me didn't stop in time. I felt a hard jolt from behind and my car was pushed forward into the vehicle in front of me.

Q: Did you hit the vehicle ahead of you?

A: I believe my front bumper made light contact with it, but the main impact was from the rear.

Q: Did you notice any injuries at the scene?

A: My left wrist hurt right away. I couldn't grip the steering wheel properly, and I had a lot of pain.

Q: Did you seek medical treatment?

A: Yes, I was taken to an urgent care clinic that same day. They took X-rays and told me I had a fracture in my wrist. I've been wearing a splint since then and have an appointment with a specialist next week.

Q: Have you been able to return to work?

A: Not yet. My job requires a lot of typing and lifting, so I've been on light duty at home while the wrist heals.

Q: Is there anything else you thnik I should know about the accident?

A: Only that the other driver admitted at the scene that they had been looking at their phone. I'd like that noted in the report.

Q: Thank you. We will follow up with you once we have reviewed the information.

A: Thank you.
