Description of the accident (claimant's words)

I was changing lanes on a multi-lane road in Conroe, Texas, checking my mirror and signaling as I moved over. As I began to merge, a vehicle in the adjacent lane drifted into the space I was entering and its side brushed the front quarter panel of my car. I pulled onto the shoulder right away and stopped. My account of how it happened has stayed the same each time I have described it, whether to the other driver, the responding officer, or the adjuster. I am the named driver on this policy and was operating my own vehicle with permission from the policy holder at the time. Since the collision I have had stiffness in my neck and lower back, and my doctor diagnosed both as strains. I am filing this claim to cover the vehicle repairs and the medical care those injuries require.
