Claim Notes

Claim number:	C-1385
Claimant:	Sean Padilla
Adjuster:	Christopher Wong

November 12, 2024
Claim received for a collision during a left turn at an intersection. The insured's vehicle was struck by an oncmoing vehicle, and the claimant reports neck and back strain. The claimant is represented by counsel, and all further contact will be routed through the attorney's office.

December 2, 2024
Reviewed the policy and confiremd the driver involved is listed as a named driver with coverage in force on the loss date. Nothing in the file points to any gap or lapse in coverage at the time of the incident.

December 8, 2024
Police report obtained. Responding officers document that the claimant was present in the vehicle at the scene, and the statements of both drivers are rceorded in the report.

February 13, 2025
Photographs taken at the scene and of the vehicles were reviewed. The damage pattern on the vehicle is consistent with the impact described, including the point of contact and direction of force.

February 21, 2025
Spoke with the claimant through counsel regarding the injury. The reported neck and back strain fits the kind and force expected from a broadside impact of this type. No prior injury to the same body areas is known from available records.

March 1, 2025
No independent witnesses were identified in the police report or in follow-up inquiries. Scene photographs confirm some details of positioning and damage but do not capture the moment of impact.

March 6, 2025
Obtained recorded statement details from the claimant. The account of how the collision occurred matches what was given at the scene and in prior conversations with the adjuster.

April 16, 2025
Treatment records received show initial care followed by a steadily growing number of visits and additional services added over successive months. The volume of care is well above what is typically needed for a strain of this nature, and the file is flagged for medical review.

May 2, 2025
Vehicle inspection completed. No earlier damage to the vehicle's affected area appears in prior claims history or inspection notes.

May 7, 2025
Requested an updated medical review and itemized billing from the treating providers. Reviewing the escaltaing treatment pattern against typical recovery timelines for this injury.

May 9, 2025
File remains open pending the medical review and receipt of itemized billing. Next action is a reserve review once the treating provider documentation is complete.

Recorded Statement

Claim number:	C-1385
Statement of:	Sean Padilla
Taken by:	Christopher Wong
Date:	October 10, 2024

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but you can note that I'm the driver of the vehicle involved.

Q: That's fine. Can you describe where the collision happened?

A: It was an intersection in Houston, Texas. I was making a left turn across the oncoming lane.

Q: What were you doing right before the impact?

A: I had stopped at the light, then got the green arrow and started the turn. The other car came through from the opposite direction, and we collided in the middle of the intersection.

Q: Did you see the other vehilce before you began your turn?

A: I checked, but it was farther back than I expected. I thought I had enough time to clear it.

Q: Were you injured?

A: Yes. My neck and lower back hurt right away. I've had stiffness and soreness since then, and I've been doing physical therapy twice a week.

Q: Have you seen a doctor?

A: I went to urgent care the same day, and I've been referred to a specialist for follow-up.

Q: Did the airbags deploy in your vehicle?

A: No, they did not. I was able to get out of the car on my own.

Q: Has anything about your condition changed since the first visit?

A: Some days are better than others. Sitting for long periods is still hard, and I sometimes wake up with pain.

Q: Is there anything you'd like to add to your statement?

A: Only that I'm cooperating fully and I want the cliam handled fairly so I can get back to normal.

Q: Thank you. This concludes the recorded statement.

A: Thank you.
